

## Pendle and Samlesbury 252 Progression Award

The 252 award is designed to help you practise your shooting at different distances and recognise your achievements. After 6 sighters, 3 dozen arrows are shot on a 122cm face at a chosen distance. The round can be shot at 20, 30, 40, 50, 60, 80 or 100 yards with the aim of scoring 252 or better from a maximum of 324 (alternative scores apply for other bow types than recurve). If you achieve the score twice you can claim a badge.

It is an award scheme in use at many archery clubs in the UK and applies to all archers, irrespective of age, ability or bow type (scores differ by bow type).

The rules:

- Archery GB rules of shooting apply. Six sighters to be followed immediately by three dozen scored arrows.
- 5-zone scoring (Gold = 9, Red = 7, Blue = 5, Black = 3, White = 1, Miss = M = 0) using a 122cm target face (the full size of the boss).
- The three dozen arrows may be shot alone or as part of a longer recognised Imperial round. Competition scorecards may be submitted if the relevant three dozen arrows and distance are clearly identified.
- Badges may be claimed in any sequence, and if you earn a higher badge you can also buy all of the lower ones for your collection if you want!
- Scores must be achieved twice to qualify for the award.
- Qualifying scores for a given distance must be shot on different days.
- To make an award claim please submit two score sheets to Mike Aubrey
- Because this is a scheme designed to encourage you to keep coming back to beat your own scores and earn your badges, rather than to compete against other archers, you can score your own round. However, please do ask if you're not sure how to score or if you want anything double-checking, and bear in mind that in competition you would not score your own arrows.

Distance (yds)	Award	Recurve Score	Compound Score	Longbow Score	Bare bow Score
20	White	252	280	164	189
